14 August 1952

SE-1

I. With reference to our log item for 7 August 1952, our [ ] reports that the heavy patrol activity which prevented our two-man intelligence mission from contacting their chief food source in Southern Albania and necessitated their exfiltration to Corfu was caused by the presence of a five-man British mission operating close to the team's area. Following an encounter with Albanian security forces on 30 July 1952, the British team exfiltrated to Greece. Neither our team nor the [ ] had previous knowledge of its presence in the area. Re-infiltration of the team is tentatively planned for 19 August. [ ] (IN 26928)

II. With reference to our log item for 11 August 1952, the [ ] reports that the Bulgarian team which exfiltrated Bulgaria on 7 August was forced to leave Bulgaria primarily for lack of food. The team spent 17 days in the Beshtepo Mountains without incident. The team stated that its original contacts were blown and three had recently been executed. Intense area security measures made alternate contacts difficult. [ ] (IN 26917)
